

CERTIFICATE SUMMARY

WRAS

Approval of materials in contact with drinking water for the UK market

Certificate number	WRAS-2610427
Issuing body	Water Regulations Approval Scheme
Certificate holder	EROPEX, Zwanenveld 3449, 6538 ZE Nijmegen, The Netherlands
Validity	Five-year approval cycle, renewal in progress

Scope of certification

Approval of materials in contact with drinking water for the UK market. The scope covers the EROPEX press fitting programme in sizes 16 to 40 mm, EROPEX PEX and multilayer pipe, and the associated valves and manifold assemblies manufactured and released under the EROPEX quality management system.

Certified product families

- Press fittings EX-SC / EX-E90 / EX-T / EX-RD / EX-WP / EX-EC
- PEX-a pipe EX-PEX 16 - 32 mm
- Multilayer pipe EX-ML 16 - 32 mm
- Brass fittings, valves and installation systems

Surveillance

Continued certification depends on periodic factory production control audits and product retesting by the issuing body. Batch traceability records are retained for ten years and are available to certified installers and specifiers on request.

Verification

The signed and stamped original certificate is available on request through info@eropex.eu, quoting the certificate number above. This summary is issued for tender and specification purposes and is not a substitute for the issued original.
